

# ECCLD STORY TIME DIRECTIONS

- Each story time lasts approximately 40 minutes.
- Preschoolers, look and listen.
- Parents, please help us maintain a positive story time atmosphere by participating and being attentive.
- We ask one adult to attend with preschoolers, because we know that they may need special help to be successful. YOU are their BEST role models.
- All children under 2 need to be in a parent's lap or stroller. Younger children are welcome in the care of the parent or caregiver but should be removed by the parent or caregiver if necessary to avoid disruptions.
- Parents, remember to reinforce the story time experience by sharing books at home with your child.
- Please inquire about a library card for your preschooler if they do not have one.
- LET THE STORIES BEGIN! (The fun, too!)

Please don't get discouraged if your child has difficulty with any of the rules. If the children seem to get restless and are unable to sit through another story, we will switch gears and do some finger plays or songs. Remember, it is NOT against the rules to stop early if the kiddos need to!

If you have special needs or concerns, we will try to help if we can.

We want all participants to have a great experience and learn to love books!
